

Continuing Medical Education (CME) credits will be attributed to all attendees of the Practical Diabetes World Meeting for their two-day participation.

This congress is accredited by the Targeting Diabetes Society, the International Society of Microbiota and the World Mitochondria Society.

Certificate of Attendance

Your certificate will mention the number of credits and certifies your active participation during the meeting.

Participation in the congress

CME credits for one academic hour (maximum 8 CME credits per day)

Oral presentation - 30 CME credits for each presentation

Exact amount of CME credits will be announced after final approval of the scientific programme of the congress.
